

MISSING ADULT

JACKSON, MISSOURI

On June 1, 2011 Jacque Sue Waller was reported missing with Jackson Missouri Police. Jacque Waller's estranged husband, Clay Waller, is a person of interest in her disappearance. Clay Waller is not a suspect, because there is no evidence that a crime has been committed. However, authorities do suspect foul play in her disappearance and Clay Waller is the last person that saw Jacque before she went missing.

Jackson MO Police would like to know if anyone may have seen Ms. Waller's blue 2006 Honda Pilot bearing Mo. plates HA5D5J being driven after 4 p.m. June 1 and who may have been in the SUV. Her SUV was located un-occupied June 2, on Interstate 55 near the 105 mile marker around 10 a.m.

Also, we would like information on a red 2009 GMC Sierra pickup truck with 4 doors bearing MO. plates 3DJ777, during this same time frame. The truck may have been pulling an aluminum V bottom boat with an 8-horse Johnson motor on a black trailer in that same time period (pictured below).

If anyone saw either Waller and/or their vehicles, they are asked to contact Jackson Missouri Police 573-243-3151
